

Bordentown Historical Society Historic House Plaque Program

Want to:

- Add more charm to historic Bordentown City?
- Bring more historic interest to residents and visitors alike?

Have you ever wondered:

- How old is my house and who owned it through the years?
- Does my house have any historic significance?

Bordentown Historical Society volunteers will research Bordentown City houses 80 years of age and older.

You will receive:

- A deed history from current owner to first owner.
- A beautiful, handcrafted, weather resistant plaque that will hang on your historic house for many proud years.
- Any additional information discovered during the search process.

Have you already done the research (not just a real estate listing) and just want a plaque?

For more information and pricing, please contact Karen Brisson at:
